To Whom It May Concern,

Please be advised that Ms St-Germain requires a service dog due to epilepsy.

Sincerely,

Dr Jill Erin Cotter MD CCFP 76198

## PET REGISTRATION MYSO

Life time Tag -  
L17831

ST-GERMAINE, KELLY-ANNE  
129 SHERBROOKE AVE APT. 2  
OTTAWA, ON, K1Y1S1

Thank you for registering/renewing your pet(s) at a City of Ottawa Client Service Centre. Did you know that you can now access your pet's registration details and services online at [ottawa.ca](http://ottawa.ca) through the My ServiceOttawa application?

My ServiceOttawa is an online account that allows residents to securely access multiple city services and information in one place using a single email address and password. Through your My ServiceOttawa account, you can access and update your pet's registration information, renew your registration and request a replacement identification tag.

### Accessing Online Pet Registration Services:

Once you have logged into your My ServiceOttawa account (<https://myservice.ottawa.ca>), select the 'Pet registration and renewals' link under 'Permits and Licenses'. On first click into 'pet registration', you will be required to enter your pet owner PIN number and your pet's tag number (if you have multiple pets, please indicate the tag number for one pet only).

Your pet owner PIN Number is **050QKW**

If you have any questions regarding online pet registration services please contact us by phone at 3-1-1 (TTY: 613 - 580-2401) or by email at [311@ottawa.ca](mailto:311@ottawa.ca) <<mailto:311@ottawa.ca>>.

Thank you for being a responsible pet owner.

### Get online, not in line

Let [ottawa.ca](http://ottawa.ca) be your first stop for all City information and discover how you can securely access and customize those City services that matter most to you, 24 hours a day, using your My ServiceOttawa account. In addition to Pet Registration services, you can also access the following services through the My ServiceOttawa application:

- view, print and pay your property tax and water and sewer bill
- view your garbage and recycling collection calendar
- search and view the status of Service Requests linked to your email address
- view the In My Neighbourhood interactive map to view nearby City services and facilities
- manage your eSubscriptions with the City all in one place

Nous vous remercions d'avoir enregistré vos animaux de compagnie dans un centre du service à la clientèle de la Ville d'Ottawa. Saviez-vous que vous pouvez maintenant accéder en ligne au service d'enregistrement des animaux de compagnie et aux détails connexes, sur [ottawa.ca](http://ottawa.ca), grâce à l'application MonServiceOttawa?

MonServiceOttawa est un service en ligne qui permet aux résidents d'Ottawa d'accéder en toute sécurité à divers renseignements et services municipaux, au même endroit, à l'aide d'une seule adresse électronique et d'un mot de passe. Grâce à MonServiceOttawa, vous pouvez accéder à l'enregistrement de vos animaux de compagnie et modifier les renseignements connexes, le renouveler ou demander une nouvelle médaille.

### Accès en ligne au service d'enregistrement des animaux de compagnie

Une fois votre session dans MonServiceOttawa ouverte (<https://myservice.ottawa.ca>), cliquez sur le lien « Enregistrement des animaux de compagnie et renouvellement de médailles », sous « Permis et licences ». Le système vous demandera de fournir votre numéro d'identification personnel (NIP) et le numéro de médaille de votre animal (si vous en avez plus d'un, veuillez fournir le numéro d'une seule médaille).

Votre NIP est **050QKW**

Si vous avez des questions sur l'enregistrement en ligne de vos animaux de compagnie, téléphonez au 3-1-1 (ATS : 613-580-2401) ou écrivez à [311@ottawa.ca](mailto:311@ottawa.ca) <<mailto:311@ottawa.ca>>.

Nous vous remercions d'être un propriétaire d'animaux de compagnie responsable.

### Évitez les queues en un clic ou deux!

Faites du site [ottawa.ca](http://ottawa.ca) votre pôle de référence pour tous les renseignements municipaux et découvrez la façon d'accéder en toute sécurité aux services dont vous avez besoin et de les personnaliser, 24 heures sur 24, 7 jours sur 7, grâce à MonServiceOttawa. En plus du service d'enregistrement des animaux de compagnie, MonServiceOttawa permet d'accéder aux fonctions suivantes :

- Consulter, imprimer et payer votre relevé d'imposition foncière et votre facture des services d'eau et d'égout;
- Consulter le calendrier de collecte des déchets et du recyclage;
- Chercher les demandes de service associées à votre courriel et en voir le statut;
- Consulter la carte interactive *Dans mon quartier* pour y trouver les installations et services municipaux les plus proches;
- Gérer tous vos cyberabonnements à la Ville à un seul endroit.

## Physical Examinations

The importance of routine physical exams cannot be overlooked. This veterinarian-performed procedure is valuable to both the dog and the owner. Problems can be discovered during a physical exam even in apparently healthy dogs. The findings of the examination give the veterinarian the necessary information to assess your dog's health status. The veterinarian will then make recommendations for any required treatment and any preventive health care procedures such as vaccination.

## Vaccination Can Prevent These Diseases

<b>Distemper (CDV)</b>	A widespread and often fatal disease which can cause, vomiting, diarrhea, pneumonia and neurological problems.
<b>Parvovirus (CPV)</b>	A highly contagious and potentially fatal disease which may cause severe vomiting and bloody diarrhea. It is especially dangerous in young dogs, but all unvaccinated dogs are at risk of contracting this severe disease.
<b>Coronavirus (CCV)</b>	A contagious viral infection of the gastrointestinal tract which causes vomiting and diarrhea. Puppies are particularly susceptible to this disease.
<b>Kennel Cough</b>	An extremely contagious infection of the upper respiratory tract that is characterized by a persistent, dry, hacking cough. Contributing infectious agents include adenovirus (CAV-2), parainfluenza (PI), distemper (CDV) and the bacteria Bordetella bronchiseptica.
<b>Lyme Disease</b>	A disease transmitted by ticks which infects both humans and dogs. This disease can damage joints, kidneys and other tissues.
<b>Hepatitis (CAV-1)</b>	An adenovirus disease which may lead to severe damage of the liver, kidneys, spleen and lungs.
<b>Leptospirosis</b>	A bacterial infection that may lead to permanent kidney and liver damage. It is contagious to all mammals including humans and dogs and is spread through contact with infected urine or contaminated soil or water.
<b>Rabies</b>	A fatal infection of the central nervous system that can affect all mammals, including humans. The virus is transmitted through the bite of an infected animal. Routine vaccination is the key to controlling this dreaded disease.
